

Meeting Minutes

WMRC Monthly Meeting

(Second Monday of every month 19:00 to 20:00) **May 12th, 2025**

Attendance:

Brett, Marbod, Morgan, Bob and 11 members

Topics	Discussions
Introduction	Welcome, Call to order at 7:02pm Deferral of adoption of meeting minutes from the previous general meeting. To be adopted at the next meeting. Motioned - Bob, Seconded - Joseph
STANDING BUSINESS/REPORTS	
President	- Excited about dealing with Honda Canada and Holeshoot motors - Memorial for Josh was impactful for the family, thankful for everyone who helped out - Alberta participation was low due to a track day booked in Edmonton, will work through that with them for future WCC rounds. - Looking ahead to June rounds which will have hybrid track days incorporated. 68 track day participants and 48 racers this weekend which was better numbers than last year.
V.P.	Not as much paving was done to the track as hoped prior to rounds 1 & 2. Have a meeting on Wednesday with track manager to understand schedule to do the rest of the paving, specifically turns 2 and 3.
Promotions	- Couple of wins and lessons learned. Some work on sponsorship promotion + how we do awards. - Running low on some merch and reordering so that is a good sign. - Claire is going to be taking over our social media which is great news.
Secretary	Revamped programming for NRS (new racer school) which was great to have. 23 students completed, 22 will get race licenses and 1 will get a track day license. 6 graduates registered for Rounds 1 and 2 which is very positive and higher conversion than recent years.

Topics	Discussions
Treasurer	Treasurer Report for April 2025 to be combined with May next month due to vacation.
DISCUSSION POINTS	
	- WCC – Had been informed they would postpone their track day. We will work with them for next year. Positive is our racers have lead in points now. - Road Racing World Magazine Article – Brett and Morgan did an interview with Road Racing World Magazine on Hybrid Track days as really liked the concept (approached us). Timing of publication TBD. - Some people still do not have fire extinguishers in the pits which is a large safety issue. Reminder to be sent to racers + riders meeting reminder. Looking into buying a few and offer for sale at a markup. Marbod to look at getting 5 to start. - Club fire extinguishers – 7 need to be serviced, planning to do in June. Also should write WMRC on bottom or yellow paint them as we have had a few go missing. Joseph will get that covered off. - Corner marshalls: really like the blue vests for control riders + the headsets were great, big improvement and very clear communication. Thanks Marbod. - Next meeting will be June 9th, 2025
Other Items	Motion to adjourn – Marbod Seconded - Morgan Meeting adjourned at 7:31pm
