

Meeting Minutes

WMRC Monthly Meeting

(Second Monday of every month 18:00 to 19:00) **September 14th, 2026**

Attendance:

Brett, Jake, Morgan, Aaron, Bob and 14 members

Topics	Discussions
Introduction	Welcome, Call to order at 6:03pm Adopted Minutes – April/May/June/July Motioned to adopt: Bob Secondary: Brett
STANDING BUSINESS/REPORTS	
President	- Great final few rounds and thank you to everyone for all the work. Proud of a successful financial performance with profits exceeding \$24,500 for the year as of August. - End-of-year banquet at Langley Golf Course on October 25th. - Significant capital improvements planned for the offseason including repaired dog boxes and new radio equipment. - Main focus of discussion was about how we are planning to amalgamate the WMRC and PCMRC into a new governing body called the British Columbia Motorcycle Racing Association (BCMRA), which would create a seven-member executive board to manage both clubs' operations. A key item is making the new governing entity more attractive for provincial, national and other large funding opportunities. This will also help with rider development and our overall competitiveness. We will be sharing a lot more information in the coming months. <u>The membership will vote on this amalgamation proposal at the October AGM.</u> See discussion section below for more info.
V.P.	- Ongoing challenges with radio availability, working on options. - Working on plans for an end-of-year brunch celebration.
Promotions	- Great momentum this year on increased ridership. Successful end-of-season events. - Challenges with social media coordination, will work to figure out the cadence of social media posts to improve ridership.

Topics	Discussions
	Planning to work with Todd on improving post-event communications.
Secretary	- Communications with new racer school graduates wanting to continue on with track days or racing. - Plan to revise the NRS classroom manual and instructor's manual over the winter. - Continue recruitment for instructional and operational staff for the NRS.
Treasurer	- Treasurer Report for August 2026 provided as separate file. - Turnaround year for the club financially with profits exceeding \$24,500 so far.
DISCUSSION POINTS	
	- Morgan emphasized that the heritage and branding of existing clubs like WMRC and PCMRA would be retained (if the amalgamation is approved), with BCMRA serving as the governing body to ensure their continued existence into the future. Brent expressed strong support for maintaining the club's history and legacy, noting that the evolution of the club should preserve its integrity and energy while providing clear boundaries and expectations for new members. Goal is high transparency and open communication to club members about ongoing developments and inviting additional involvement in running the race club. - Discussed plans for the upcoming season, including using the same rule books from both clubs (if the amalgamation is approved) with some amendments for the short track. Potential for a \$30,000 track expansion project and potential quarter-million dollar repaving of the big track. - Marion raised concerns about drainage issues at Turn 1 during heavy rain, which WMRC agreed to address with the track management. - Next meeting will be October 12th, 2026

Topics	Discussions
Other Items	Motion to adjourn – Bob Seconded - Morgan Meeting adjourned at 6:30pm
